DR. HEISELDEN WILLING TO PERFORM OPERATIONS TO STOP CHILD BIRTH

(By International News Service.)

CHICAGO, Feb. 17.—The medical men all over the nation are again startled by the declaration of Doctor Harry J. Heiselden, who has just announced he would be willing, in some cases, to perform operations to prevent women from becoming mothers.

He further cited an instance where the woman's husband was sub-normal mentally, and her mother and father both defective. It is understood his only possible defense would be based on the fact that the law in Chicago does not claim such an operation as a crime, unless the mother dies. The woman in question is 20 years of age.

Doctor Heiselden gained nation-wide attention some little time ago by refusing to save the famous Bollinger baby from death, by performing an operation upon it. The infant was horribly deformed and mentally defective.

BRANDEIS CHARGED WITH BIG RAILROAD FAILURE

(By International News Service.)

WASHINGTON, Feb. 17.—Lawyers Woodfield and Story, a firm of Boston attorneys, told the senate committee frankly that Louis D. Brandeis was hired by the New Haven to wreck the New England railroad, and succeeded.

They further charged Brandeis with bringing suit against the New England for the purpose of ruining the concern's credit. It is alleged that he interfered with dividends with the result that the New Haven assumed control of its biggest competitor.

U. S. TO HAVE STANDING ARMY OF 165,000 MEN

(By International News Service.)

WASHINGTON, Feb. 17.—The house committee today drew up the administration army bill in skeleton form. It is understood it will not be completed in detail for fully six weeks.

According to present plans, the committee is to call for a standing army of 165,000. The national guard will be increased as fast as men can be recruited to 400,000 or 500,000. The measure provides keeping all retired soldiers in a reserve corps under pay until 45 years old.

The number of cadets at West Point will be doubled and anyone may take the course by paying the actual cost. The committee states all military schools of standing will receive government support. The continental army plan has been definitely abandoned.

JAPANESE VESSEL AFIRE IN MID OCEAN; SENDS "SOS" CALLS FOR HELP

YOKEHAMA, Feb. 17.—The Japanese steamer, Panama Marius, in desperate plight many miles from the nearest land with a fire raging in her hold, is sending out "SOS" signals for help. Several vessels are speeding to her assistance.

The Japanese ship sailed from San Francisco January 23 bound for Kobe. Her agents state she is a boat of 6,000 tons displacement.

BERLIN FEARS OUTCOME OF LUSITANIA MATTER; NEW DEMANDS BY U. S.

(By International News Service.)

BERLIN, Feb. 17.—Just at the moment when Berlin officials felt confident of the entire amicable settlement of the Lusitania case, word was received here from Amsterdam that the American government had made new demands which would postpone the adjustment indefinitely and possibly prevent the United States and Germany from agreeing upon any mutual terms in the matter.

It is stated that the new requests concern the Teutonic threat to sink all armed merchantmen after March 1. Berlin officials refused to make any comment upon the situation, but are anxiously awaiting authentic communications from Washington.

Bernstorff and Lansing in Conference.

WASHINGTON, Feb. 17.—Count von Bernstorff this morning arranged a conference with Secretary Lansing to take place this afternoon. It is understood he will submit written reiteration of Germany's pledges not to sink passenger-carrying vessels without giving them sufficient warning.

WASHINGTON, Feb. 17 (3:00 p. m.).—Count von Bernstorff and Secretary Lansing today declined to discuss the situation existing between the United States and Germany. It is understood that Lansing told the Teuton ambassador, according to American viewpoint, the submarine campaign against merchantmen was in direct violation of international law. Bernstorff announced that Germany would stand squarely by her pledges regarding such warfare, but would not wave her rights to sink armed merchantmen so long as they were not in the liner class.

TALLER THAN HIS FATHER
Children sometimes make very queer deductions from their observations, and the following amusing instance is told of Martin Guleserian, little son of Mr. and Mrs. D. M. Guleserian, of this city and Petoskey, Mich. Martin was discovered stretched out on the floor, passing a rolling pin over his body. When asked the meaning of the performance, he explained that he wanted to be a big man, taller than his papa, and thought he could accomplish the purpose by rolling himself out with the rolling pin.

FEDERAT'D CLUB BOARD PLEASANTLY RECEIVED

The Florida State Board of Federated clubs were given a very delightful and most cordial reception by the Palmetto club in the Burgoyne casino Wednesday evening from 8 to 10 o'clock. While the weather was not ideal for this very pleasant reception, still a great many of the Palmetto club members and friends were present to welcome the charming and interesting ladies of the fair state. A number of the cities and towns of Florida were represented in the line

of ladies who had a gracious and pleasant word for each one, and a goodly amount of chatting.

The north portion of the casino was set off for the reception by means of benches which marked the division. The entrance to the reception was made through the north door which was done for the convenience of the ladies. The band enlivened the reception to a great degree, and the concert was excellent.

Mrs. Emma A. Freeman, recording secretary of the Palmetto club, receiving the guests as they entered, and escorted them to the receiving line, where Mrs. Murray L. Stanley, the president of the Palmetto club, introduced them to the state board which consists of Mrs. W. O. Jennings, president, Jacksonville; Miss Kate V. Jackson, treasurer, Tampa; Mrs. R. A. Burford, Ocala; Mrs. Marie Van Der Sand Frost, New Smyrna; Mrs. J. W. McCollum, Gainesville; Mrs. H. L. Rood, New Smyrna; Mrs. W. B. Davis, Perry; Mrs. W. F. Blackman, Winter Park, and Mrs. S. B. Capen, Jacksonville.

Delicious fruit punch was served during the evening, and a word of praise is due the worthy president of the Palmetto club for having brought these distinguished ladies to Daytona, and to have made them friends of the club members, for an introduction and a hearty handshake go a long distance to making people good friends. It is always pleasant to hear and read about people who are doing things worth while, but it is more pleasant to meet them and to talk with them. It was through Mrs. Stanley's foresight and thoughtfulness that this was brought about.

How Water Melts Stone.
There are two things in rain besides the water itself that have the power to melt things, even the hardest stone, such as granite. These two things are nitric acid and carbonic acid. These acids eat away the stone, so that it seems the water slowly melts it.

Hard Things of Life.
Hard things that come our way are not hard when we do them. They are hard only when we don't do them or when we do them imperfectly. Duty is not hard when it is cheerfully and vigorously done. Duty is hard only when it is not properly met—that is, when it is done without good will, or when it is not done at all.

Carrier Pigeon's Secret.
Recent experience has tended to show that carrier pigeons and other birds of passage are guided by magnetic currents. W. A. Thauzies, a French student of pigeons, has noted that on two occasions when pigeon flights were unsatisfactory magnetic storms were occurring, and the flights of these birds have been becoming often uncertain and erratic since wireless telegraphy came into extensive use.

Remembered.
"The only visit I have paid to the old home town since I left it, 14 years ago," stated Sissors Smith, "proved a great disappointment. The only man who recognized me, after I had wandered for hours around the familiar streets, beneath the drooping ellums and all such as that, was old Uncle Riley Rezzidew, who knew me the minute he set eyes on me by a debt of six pils which he claimed I had owed him when I went away."—Kansas City Star.

THE MAN FROM HOME AT THE CRESCENT

Pike, a country lawyer, loves Ethel, daughter of a very rich farmer. Simpson wishing his children, Ethel and her brother Horace, to be well educated, sends them to Europe. Simpson meets with an accident which causes his death. Pike is appointed guardian of Ethel and Horace. Lord Newcastle and his son, St. Aubyn, a nonentity, are in Russia, where Hawcastle is selling hydraulic machinery to the government. He meets Ivanoff, an under clerk in the Russian government service, who is stealing government money and is giving it to a revolutionary society. Hawcastle meets Ivanoff's beautiful wife, Helen. They fall in love with each other and decide to elope. Fearing Ivanoff's vengeance, if left at large, they betray him to the Russian government. He is arrested, tried and sent to the mines of Siberia for thirty years.

Ethel and Horace arrive in Sorrento, Italy, where they meet the Hawcastles, who are out of funds. Ethel and Horace are greatly flattered by the attentions of the Hawcastles, who become possessed of the knowledge that Ethel is an heiress. Through Hawcastle's efforts, she becomes engaged to St. Aubyn. Ethel and Horace have become snobs. Overjoyed at this great fortune of marrying a title, Ethel writes Pike, telling him all about it. Upon receipt of her letter, Pike leaves for Italy, and arrives in the environs of Sorrento. Here he meets the Grand Duke Vasili of Russia, who is traveling incognito. The Duke's auto is stopped for repairs when Pike rides up in a donkey cart. Pike hitches himself to the side of the donkey and draws the auto into the courtyard of the hotel, much to the amusement of the Hawcastles and Ethel's chagrin. The Grand Duke is taken with Pike's ways and they become friendly.

Several years have passed with Ivanoff working in the mines of Siberia. After an explosion, Ivanoff escapes and makes his way across the continent to the Austrian frontier and into Sorrento, Italy. He finds his way, quite by accident, into the hotel courtyard, pursued by the Italian police. Pike, by a ruse, throws them off the track, and they leave. Hawcastle threatens to expose Pike and the Grand Duke, in order to force Pike's consent to Ethel's marriage to St. Aubyn. It is a penal offense to harbor an escaped convict. Pike is dismayed. The Grand Duke leaves with his servant, sees the captain of police and returns with him to the hotel, where they find that Hawcastle has called in the police. Ivanoff recognizes his wife and Hawcastle and tries to avenge himself. The Grand Duke's servant discloses his master's identity. The Grand Duke secures a pardon for Ivanoff.

The Hawcastles find themselves checkmated and take their departure. Ethel wakes up, to realize her narrow escape. In the presence of Pike all shallow pretenses fall away and Ethel is once more the sweet little girl that he loves, and who loves him, and there is the perfect hour.

"AS YE SOW" IS GIVEN ARCADE THEATRE TODAY

A brief synopsis of the photo-play at the Arcade Theater today in which will be shown Alice Brady in "As Ye Sow."

Ministers of religion should make good playrights; and occasionally they do. Like doctors and lawyers they have the best chances of studying human nature in all its aspects, and so they are able to accumulate a goodly amount of material for books and plays, as well as sermons. In some minds there should be no distinction between these three kinds of protection, for good books and plays are, it is contended, just as much sermons in essence, as are pulpit utterances.

And a clergyman is the author of the play from which the film is made. The Rev. John Snyder was a Cape Cod minister who ten years ago interested Messrs. Brady & Grismer in the idea of the play. The clergyman lived and labored among the coast folk whose life and frailties and joys and sorrows he described. His idea in writing the play was that the church could be of great help to the stage and the stage to the church. Some of the incidents and situations in the drama actually came under Mr. Snyder's observation during his pastoral work. Mr. Snyder was the first Protestant minister in the United

States to have a play put on the stage. When it was produced the play was a great success, the scenes of the story giving Wm. A. Brady the sort of opportunity he liked for offering some striking effects in coast drama. Today, after 10 years, Mr. Brady's daughter, Alice Brady, assumes the lead in the motion picture version of the production, surely an interesting item in the history of the association of the film and the play.

Alice Brady plays the part of "Dora," the suffering wife of a young heir do well, who appears and is assumed to be dead. The lost man's brother, a clergyman, falls in love with the supposed young widow. But the dead man comes to life, and the sufferings of his young wife are continued through a harrowing series of misdeeds of which her dissolute young husband is guilty. In the end he reaps as he sows, dying as the result of a quarrel with a fellow profligate.

This is a story which makes a direct appeal to the masses, in contradistinction to the classes, for whom the author, the Rev. John Snyder, avowed he was not writing his play. The classes are educated to know bet-

ter; the masses require to have their moral precepts "laid on thick" as it is commonly said. Some beautiful coast scenes and a shipwreck figure in the production. Alice Brady could scarcely have a better opportunity for making her debut as a screen star than that given her in "As Ye Sow."

"THE GOLDEN CHANCE" AT THE CRYSTAL

Jesse L. Laskey presents the noted photoplay stars, Cleo Ridgely and Wallace Reid in "The Golden Chance," at the Crystal Theater, Thursday, February 17th.

Widely known to motion picture devotees throughout the country, Cleo Ridgely and Wallace Reid, both of whom frequently have appeared in the principal supporting roles of famous stars, will make their first appearance as co-stars in the Lasky Feature Play company production, "The Golden Chance." This is a play of modern life in its various shades written by

Jeanie MacPherson and produced by Cecil B. DeMille.

Both Miss Ridgely and Mr. Reid for some time have been members of the Lasky organization and have won great popularity in Paramount theaters. Miss Ridgely's last appearance and most notable one was in the title role of the Lasky picturization of the famous stage success "The Chorus Lady." Mr. Reid appeared in this production, but his chief claim of popularity has been by reason of his remarkable performance as Don Jose in support of Geraldine Farrar in the Lasky production of "Carmen."

In "The Golden Chance" these two exceptional artists will be seen to their best advantage. Miss Ridgely as a poor seamstress suddenly confronted with an opportunity to enjoy a brief period of the luxuries of life and to forget her own poverty, grasps at the chance. Cinderella like, she meets a financial prince, Wallace Reid, who falls in love with her. Circumstances compel the seamstress to hide her real identity and refuse her golden chance. Subsequently, however, these complications are overcome after a series of exciting and dramatic situa-

tions and the audience is given to believe that all ends happily.

Within Possibility.
 To the class valedictorian, now connected with a major league team, we remarked: "Do you still cherish your ideals?" Will you ever be a Socrates?" "No," he replied, "but I may make a Homer."—Judge.

SMALL FIRE MAKES GREAT EXCITEMENT

SCORES RUSH TO SCENE OF FIRE, ARRIVING IN TIME TO FIND THAT SMALL BLAZE HAD BEEN EXTINGUISHED.

A continual hot fire in the fireplace of the Raymond hotel on Grandview avenue, Seabreeze, for several days, caused the framework of the building around the chimney to char and burn, thereby causing much excitement on the Peninsula, Wednesday evening, about 5:45.

Some of the employees of the hotel sent word to the Daytona Beach garage, where the Daytona Beach fire truck is kept. The workmen at the garage blew the loud shrill fire whistle for about five minutes until every one on the Peninsula was out looking for smoke.

They started up Grandview avenue with the truck, but failed to get any further than one block before engine trouble caused a halt. In the meantime the Seabreeze fire department had arrived at the hotel with a hose reel, only to find the slight fire well extinguished, with chemicals used for protection by the hotel management.

For fifteen minutes Grandview avenue was enshrouded in a thick veil of dust caused by autos driving at full speed to the fire, and hundreds were on their way to the scene when told that the blaze had been put out.

PARTY TO LEAVE SOON

FOR SOUTHERN WATERS

H. E. Pence and party of friends expect to leave Friday for a yachting trip to the southern waters of the state. Those included are planning to spend several weeks visiting points of interest south of Daytona, and will return near the last of the month.

If plans mature, B. E. Williams will act as engineer of the boat for the trip.

LIBRARY CLUB HAS

PLEASANT MEETING

The members of the Daytona Beach Library Club, who met at the home of Mrs. Josephine Gage on Grandview avenue, Daytona Beach, Wednesday afternoon, were greatly pleased with the good time afforded by the hostess.

Forty ladies were present. During the course of the afternoon Mrs. F. A. Griswold gave a very interesting reading, which was followed by a reading by Miss Maxine Odum, both of which were fully appreciated. A "vehicle contest" enlivened a good portion of the afternoon. Mrs. Hawkins and Miss Walker, giving the most clever answers, received the two first prizes, and the consolation prize was awarded to Mrs. Geo. Finley. Good old fashioned coffee and doughnuts were served for the delightful refreshments toward the close of the afternoon. All ladies thanked the hostess for the good time before departing.

Every day is summer in Daytona.

The "SILENT SMITH"

—Model 8 shows what should now be expected of a typewriter.

Ball Bearing; Long Wearing

The success of the L. C. Smith & Bros. Typewriters has been due to the fact that the wants of the user have dictated its construction. The user has decided in favor of certain improvements now incorporated in Model 8. Among them are:

Silence of Operation—The most silent running efficient typewriter ever placed on the market. Absolute silence has been very nearly attained.

Decimal Tabulator—A help in billing and tabulating. There is no extra charge for this convenience.

Variable Line Spacer—Enables the operator to start on a given line and space from point of starting; also to write on ruled lines whose spacing varies from typewriter spacing. A great help in card work.

Faster Ribbon Feed—Insures new place of impact for each typeface.

Choice of Carriage Return—Upon special order the new left hand carriage return will be furnished in place of the right hand return.

All the important features of previous models have been retained—ball bearing carriage, typebars and capital shift, back spacer, key-controlled ribbon, removable platen, protected type, flexible paper feed and automatic ribbon reverse.

Write for New Catalog of Model 8. It will explain why the L. C. Smith & Bros. Typewriter is a synonym for superior service.

HORSE TAKES FRIGHT AND DASHES INTO AN AUTOMOBILE

Late yesterday afternoon a horse attached to a vehicle occupied by Mr. and Mrs. R. H. Taylor, of Holly Hill, who had with them a little daughter of Mr. and Mrs. William Coleman, of that town, took fright on Beach street, between Orange and Magnolia avenues, and dashed into an automobile. Mr. Taylor sprang from the wagon to go to the head of the frantic animal and Mrs. Taylor also jumped from the vehicle, but the little girl kept her position in the wagon. No one was injured, but the automobile was somewhat disfigured and the shafts of the wagon were broken and some other damage done to the vehicle.

Mr. and Mrs. Joseph Layton and daughter, of Oyster Bay, N. Y., are located at the Bethel apartments, 177 North Ridgewood avenue.

WHY

AN

EIGHT-CYLINDER
CADILLAC?

BECAUSE—

IT IS CLAIMED TO BE THE SMOOTHEST AND SWEETEST RUNNING CAR IN THE WORLD.

BECAUSE—

THE EIGHT-CYLINDER CADILLAC WILL RUN MORE SLOWLY ON DIRECT DRIVE IN A CROWDED STREET AND CONGESTED TRAFFIC, AND WILL DO IT WITHOUT EXPERT MANIPULATION, AND WILL "PICK UP" FROM SLOW TO THE SPEED OF THE WIND WITHOUT THE LEAST HESITATION OR TREMOR.

BECAUSE—

IT HAS INTRINSIC-VALUE, PERFORMANCE-VALUE, SOCIAL VALUE; IN ALL THREE IT IS AMERICA'S ONE INCOMPARABLE MOTOR CAR.

PORT ORANGE

PORT ORANGE, Feb. 16.—J. W. Hall, of Frankfort, Ind., spent a few days here looking up old friends from his state and acquaintances here, this being his third trip. He was accompanied by a neighbor, J. M. Grosscost, and they are making a tour of the state.

Mr. and Mrs. Chas. Miller, of Potsdam, Ohio, left on Saturday for their home, having spent several delightful weeks here with Mrs. Miller's brothers, the Emricks.

Mr. and Mrs. Ellis H. Kerr, from Tippecanoe City, Ohio, arrived Sunday from Cheraw, S. C., where Messrs. Kerr and Townsley own a large tract of land. Mr. Kerr is a prominent attorney and is interested with Mr. Townsley in the old Meeker property along the river front. The Kerrs spent some time here two years ago.

Chas. and Harry Emrick left on the 8th for a hunting trip in the flat woods and returned on the 10th with a large buck and two fine turkeys. Like sensible hunters they stopped when they

had enough. On a previous trip they bagged two deer, several turkeys and a lot of smaller game and have reason for thinking this part of the state fairly good hunting ground.

The cage for the "house of detention" for the town, is on the ground and will be fitted up to accommodate those who go too far in disregarding the state and town laws.

Assessor Wilson was in town on the 11th trying to adjust differences of opinion as to assessments, rectifying mistakes and insinuating that the present incumbent in the assessor's office would be hard to beat.

Most of the Tampa excursionists have returned well pleased with their trip, though a number complained of the heat.

Frank Zimmerman, Robert Wilmarth, G. Reisley and Mr. Cothron motored to Kissimmee on Sunday, returning on Monday.

The pupils of the public schools are raising funds for a new flag by contributions from the friends of the school, and are succeeding nicely.

The "Good Times" club were entertained by Mesdames Scott and Stover at their homes on Tuesday, the 15th. Mr. and Mrs. D. E. Lyon and Mr. and

Mrs. W. Cory were among those who attended the Allandale Improvement association and dance on Monday night.

The town registration books will be open from the 21st to the 25th, inclusive. The town election will be held on Tuesday, March 7th.

Port Orange has good reason to feel proud of the showing made by the Port Orange school at the recent Volusia county fair, twenty diplomas having been awarded, viz.: First, for general collection of primary work, map drawing, nature drawing, and geographical drawing; first, second and third for geology drawing, relief map work and historical drawing; first and third for physiology drawing; second and third for color work display; second for general grammar school display and mathematics; third for English papers.

There will be a school entertainment at the school house at night, on February 22nd, to which the public is most cordially invited. "The Father of His Country" will be one of the prominent features of the occasion.

Daytona Beach is the most marvelous beach in the world.

SKATING MASQUERADE AT ARCADE TONIGHT

A roller skating masquerade, the second one this season, will be held at the Arcade this evening, and a great time is anticipated, as the management has been planning to make it excel all previous entertainments of this character ever given in Daytona. Prizes will be given the participants and in order to encourage the masquerading, all appearing in full costume will be furnished skates free of charge. The big amusement hall, with its fine skating rink, will present a scene of gaiety tonight, as these popular skating masquerades always attract a crowd of spectators as well as participants in the carnival on skates.

Had Him Puzzled.

"A great many people have one time and another declared that I am the double of someone," stated J. Fuller Gloom, "but the deuce of it is that no two of them ever agree on the person whom I resemble."—Kansas City Journal.

Globe-Wernicke Sectional Bookcases

ONCE books either overcrowded limited shelf space or empty shelves yawned and waited for books. When one bookcase overflowed, a new one was purchased, and its gaping shelves were gradually filled. That was before the Globe-Wernicke period in bookcases. Now, books and their shelves come together. The bookcase grows apace with the library. This is the modern way of building a library. This is the Globe-Wernicke idea.

THE WEATHER

FOR FLORIDA—Fair tonight and Friday; rising temperature; winds, light, variable.

Optimist Department, Devoted to Cheering Up "The Land of Sunshine."

Florida is mostly a dry state, so instead of the bite of a big bumper, we have to be satisfied with the bite of a big mosquito. They both bite in different places. The drink, it bites in the mouth, and the mosquito, well, the mosquito—it bites in Florida. Oh, can that stuff; you haven't got a license!

Do you know the weather man seems to be treating little old Daytona just about right. Probably he's getting ready to come home and wants to make a good impression first. Well, here's to his success! There are a lot of things in this world we can't understand, among them fickle weather, wives, window-shades, and the hereafter. At least, now we don't need to try to understand the sunshine; just accept it and be thankful.

Before you light that bomb that somebody kidded you into thinking was a cigar, clinch on to this and hold fast.

ROOSTERS.

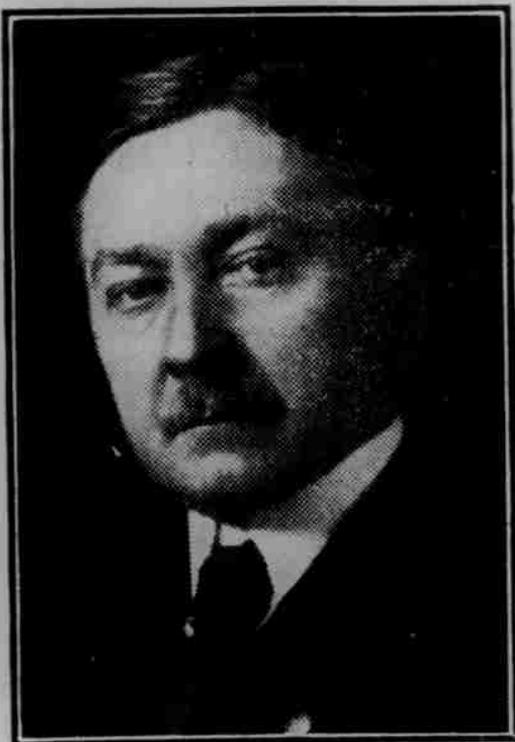

Just try to lie asleep in bed,
When light of day is growing;
Just play the game of lazy-head,
While farmers do their sowing.

You can control the noisy maids,
The shriek of whistles blowing;
You lock your door and draw the shades,
But roosters keep on crowing.

The noise of rain is lulled away,
The cattle cease their lowing;
But "curse that squak! It's come to stay,
For roosters keep on crowing.

You hush the sound of chopping wood,
Your clock you keep from tickin';
But not all through the ages could
You quiet that d—n chicken.

By Eugene Jones.

ENTERTAINED EX-GOVERNOR OF THE STATE OF IOWA

Hon. John W. Foster, of Guthrie Center, Iowa, who is occupying with his family the Hawk Eye villa at Daytona Beach, entertained on Wednesday ex-Governor Garst, of Iowa, who is at present a guest at the Prince George hotel in this city. Mr. Garst, accompanied by his wife and daughter, is making a tour of the East Coast and will go on to Havana, Cuba, and Panama. Mr. Foster, who is a well known citizen of Iowa and has served in the State Legislature, is a warm personal friend of Judge F. A. Mann, now of Lompoc, Cal., who came to Daytona from Iowa in the early days of Daytona as the pioneer newspaper man and established the Half-Fax Journal and later the Ormond Gazette, now the Gazette-News.

Matter of Necessity.

Sir Frank Lockwood was once examining a client in regard to various companies, a good many of which had been wound up. The Automatic Musical Instrument company came up for notice—a company for utilizing a kind of street-organ piano. "That," said Sir Frank, genially, "had to be wound up anyway."

Brave Husband.

Jones—"Dear me! You say you often lay down the law to your wife. How do you go about it?" Bones—"Why, all you need is firmness! I usually go into my study, lock the door and do it over the transom—all you need is firmness—in the door!"—Puck.

WILBUR BY THE SEA

WILBUR-BY-THE-SEA, Feb. 17.—Mrs. D. I. Stewart, of Ocean avenue, had charge of the regular Sunday evening song service and arranged a very interesting program. Her granddaughter, Miss Alice Ross, opened the service with a pleasing harp solo. Following the harp solo was a selection by the quartette. In honor of Lincoln's birthday, Harold Bates read Lincoln's Gettysburg address, which was followed by the Battle Hymn of the Republic, sung by the quartette. A solo, "A Perfect Day," was sung by Mrs. H. W. Eaton. The service was closed with "America."

Mr. and Mrs. A. E. Jones, of Chelsea, Mass., arrived on Tuesday, and will occupy one of the Wilbur cottages on Cardinal avenue. Mr. Jones is much interested in clock golf.

On Tuesday the ladies sewing circle enjoyed the afternoon at Mrs. W. F. Cobb's residence on Toronto avenue. In the latter part of the afternoon a dainty collation was served. Mrs. Johnson and Miss Alice Ross assisted Mrs. Cobb in serving.

J. W. Wilbur made the record catch of the season when he went fishing Wednesday morning. He brought back a large string of bass and trout. The fish which Mr. Wilbur caught were displayed in the office window of the J. W. Wilbur Land Company, in Daytona, and drew quite a large crowd.

Mr. and Mrs. A. Z. Campbell and Mr. and Mrs. W. F. Cobb left Wednesday morning on an automobile trip to Tampa, where they expect to spend a week.

DANCING THIS EVENING AT THE CASINO BURGONYNE

All who like dancing and wish to take advantage of the opportunity for the enjoyment of this pleasant pastime afforded by the two evenings a week devoted to dancing in Casino Burgoyne will note that dancing will be in order in the casino this evening, commencing at 7:30 o'clock. Monday and Thursday evenings are those designated for dancing.

CONTRIBUTES HELP-A-PHONE TO THE CASINO FURNISHINGS

Peculiar Pleasure Palace.

"That is the most unique motion picture theater I know of anywhere," said old P. G. Pester, indicating a weather-beaten, ramshackle rattletrap of a structure, that looked as if it might tumble down in its own dust at any moment. "Although it is in the last stages of dilapidation and decay, its owner actually does not call it 'The Majestic'."

DEMONSTRATION TRAIN STATE BOARD OF HEALTH ARRIVES HERE TUESDAY

With the starting of the "Health Train" on its wanderings up and down the state, Florida has taken a long step forward. No other commonwealth in the entire country is better equipped than this for the work of educating its people to higher ideas of sanitation and to the prevention of disease, according to the most advanced scientific methods and experience.

This train, consisting of three Pullmans, will arrive in Daytona next Tuesday noon and remain here until Wednesday evening.

Dr. Porter's Pet Ambition.

This train with its splendid equipment is the realization of the pet ambitions of Dr. Joseph Y. Porter, for more than twenty-five years the efficient and able officer of the State Board of Health. It provides the means by which the board may come into closest touch with the people of Florida, may bring its campaign of practical education on health and sanitation to the people themselves. This campaign has been carried on for years by correspondence, by periodical and special publications and through the press of the state, which always has been most hearty and liberal in its support of the work of the board.

During the year past representatives of the board have visited various sections and cities of the State, carrying with them panels, models and other equipment to bring to the

people practical instruction for better living. The splendid success that attended this effort suggested its elaboration and extension, and the health train is the result.

This has been accomplished without any special appropriation of state funds. The initial cost of the train and its equipment and its operation will add not one cent to the burdens already resting upon the taxpayers of Florida.

Responses Were Ready.

Prior to the gathering of the Legislature of 1915 the board broached to the various railroad companies operating in the state the matter of free hauling of such a train and free passage for the necessary representatives of the state board and of the attendants and servants required. From the officers of these transportation lines came a ready response of willingness to furnish such service without cost to the state or the board if it could be done within the legal provisions of the statute books of the state.

Next, appeal was made to the State Railroad Commission, which expressed the opinion that it had not the authority to grant such permission to the railroad companies under the then existing laws. It was considered that special enactment by the Legislature would be needed to give such authority. This was adopted by the Legislature in May, 1915, which, in effect, gave the commission authority to give the railroads permission to do what they had already promised to do, and so the complicated problem was solved and all was well, so far.

The Pullman Company was most liberal in its bargain with the board, by which the latter secured three standard sleeping cars for its use. These were remodeled to meet the requirements of the new and somewhat novel service, and they were brought to Jacksonville some weeks ago. The intervening time has been occupied in preparing and installing the equipment for the great and important work.

The co-operation of the railroads of

the state with this work of the state board has been most liberal, even enthusiastic. The agreement between the roads and the board provides that all car inspection shall be done without cost, and that all minor repairs, such as replacing brasses in wheel bearings, repairing broken draw bars, and the like, shall be made at actual cost. Some roads have promised to free the cars without charge.

At the regular rates, such as are charged for the handling of theatrical specials or parties traveling in private cars, the service rendered without charge would amount annually to tens of thousands of dollars. This co-operation of the railroads will be of untold worth to the people of the state and it is strong evidence that even railroad managers have souls.

By a ruling of the Interstate Commerce Commission the train may be handled beyond the limits of Florida

DEMONSTRATION TRAIN STATE BOARD HEALTH ARRIVES ON TUESDAY

(Continued from Page Eight.)

and in any state in the Union, without charge or at reduced rates, whenever the transportation companies of such other states may be willing to render the service free.

The Living Car.

Car number one, the living car for the accommodation of the representatives of the board, contains the office in the observation end, four staterooms, bath and toilets, diningroom and kitchen. Like the other cars of the train, it is heated with steam and lighted with electricity generated by a dynamo in car number 2, and like the others it is carefully screened and ventilated.

Car No. 2 contains in one end the dynamo, driven by a gasoline engine, and the sleeping quarters for the special train crew. The larger part of the car is devoted to the installation of various models, as that illustrating the Imhoff tank sewage disposal system, another showing how water in driven or open wells is contaminated by draining from stable, outhouse and polluted surface water. A miniature model shows a dipping vat for ridding cattle of the tick. A model dairy is illustrated in the same manner; the proper feeding and clothing of babies, the open-air treatment of tuberculosis and many other practical questions of sanitation and disease prevention are similarly and graphically illustrated.

This car is also fitted with a stereomograph with a capacity of one hundred and four lantern slides, and this is lighted and operated automatically by electricity generated in the car itself.

The Display Car.

Car number three is divided through most of its length by a partition, on which are displayed thirty-six panels. These carry in graphically worded sentences warnings and advice on sanitary subjects and disease prevention. Numerous electrically operated models and a large stereomograph, similar to that in car number two, are also arranged to splendid advantage in this part of the train.

In this car will be installed an expensive and elaborate contribution

from the Dental Society, which will show various diseases of the teeth, and the proper attention that should be given them. In this car are gathered much of the equipment that has special significance in sanitation.

A complete inventory of the educational equipment of these cars would be entirely unnecessary, for the train with all its invaluable contents is to be brought within the reach of every person in Florida who can go to the nearest railroad station, and it will be taken wherever the rails are laid on which it may be run. It is to be permanent, a perpetual traveling school, illustrating forcefully and graphically how better health conditions, better sanitation and better living may be brought to every Florida. When it has carried to every part of the state its object lessons, the journey will be repeated, with newer models and the later discoveries of medical science.

All Is Free.

It is absolutely free to all who will accept what it offers—what it will bring to all; it is without cost to those who will listen to those who are prepared to explain and advise to those who will read the panels and watch the moving pictures and lantern slides.

The train will have on board in all its movements a physician, representing the State Board of Health, and others who are prepared to give practical personal advice to those who ask it.

The initial trip will be made in personal charge of Dr. J. Y. Porter, state health officer, and of Miss F. D. Herndon, assistant to the health officer. On this trip Dr. Carroll Fox, of the United States Public Health Service, will accompany Dr. Porter. Dr. Fox has been for some weeks studying health conditions in Florida, and making a detailed survey of the work and methods of the State Board of Health. His presence on this first trip of the health train will be for a closer inspection of health conditions in the state and to observe the workings of the plan of sanitary education, which is being inaugurated in Florida.

JUDGE BEN B. LINDSEY.

Much interest will center in the coming of Judge Ben B. Lindsey to this city. Judge Lindsey's marvelous fight against political powers in Colorado and the far-reaching results of his work among and for delinquent youth have brought him into the public eye as but few other men in this country have been.

The subject of his lecture is "The Misfortunes of Mickey"—a lecture which is as entertaining as the title would indicate. In addition to entertaining the patrons of the course the Lyceum committee which brings Judge Lindsey to a community does the community even a higher service than to entertain. Judge Lindsey has a message, and that message has to do with the most important individual in all the world—a boy.

He tells of the incident in his judicial career that turned his attention to the boy. Seven or eight years ago the dis-

JUDGE BEN B. LINDSEY.

trict attorney had said one morning, "We have some burglars to try this morning, Judge." And looking around he saw three little boys. They were the "burglars," and that single incident set Judge Lindsey to thinking, the result being the present juvenile system in the state of Colorado that is destined to become national.

In his lectures he touches many phases of the problems of the day relating to the youth. He believes that parents should be held responsible for the welfare of their children. He also says that business men should learn the facts of the cause of crime and that no business will ever succeed when it puts money above heart and conscience. Children are the victims of industrialism in thousands of instances.

GAVE THIRD OF
SERIES OF DELIGHTFUL
AFTERNOONS

Mrs. Fred J. Niver and Mrs. J. D. C. Morris charmingly entertained at cards Wednesday afternoon at the home of Mrs. Niver at 36 Orange avenue, the third in a series of delightful afternoons of which these ladies have been the hostesses.

The living rooms and dining room were most artistically adorned with ferns and yellow jessamine and flower bowls of yellow nasturtiums which beautified the lovely rooms, and sunshined and otherwise sunless day.

Auction bridge was enjoyed by the guests, and at the close of the game, when scores were taken, it was found that Mrs. E. B. Putnam had won the first prize and Mrs. Walter Courtney the second, while Mrs. W. C. Short was awarded the third.

Following cards a most chummy social hour was enjoyed, during which the hostesses served a delicious salad and ice course.

ENTERTAINED AT THE
MAGNOLIA IN HONOR
OF MISS HEDRICKS

Miss Blanche Metzger, of Elmira, N. Y., entertained at the Magnolia hotel Wednesday, in honor of Miss Marie Hedricks, a charming young lady of Cleveland, Ohio, who will soon depart for Cuba. The north parlor was very tastefully decorated with palms and potted plants. The evening was delightfully spent playing auction bridge, followed by a musical entertainment. Miss Kitty Up-de-Graffe and Professor Frank Turnquist were awarded the prizes, and Miss Hedricks was presented with a handsome alligator skin traveling bag as a guest prize. The concert consisted of vocal and piano selections by Misses Marie Hedricks, Kitty Up-de-Graffe and Blanche Metzger; violin solo by C. N. Kauffman, leader of the Shubert orchestra, of New York City; mandolin solo by J. W. Faulconer, followed by a humorous reading by O. U. Ohmee, entitled "Nosey Beaks," which was mirth provoking. After a dainty chafing dish lunch was served, the merry group took an auto ride, dispersing at midnight, declaring Miss Metzger to be an ideal and charming hostess.

DELIGHTFULLY
ENTERTAINED LADIES
OF TOURISTS' CLUB

Mrs. Charles Edward Starr, of Peninsula Drive, Daytona Beach, delightfully entertained the ladies of the Tourists' club of St. Paul's Catholic church, Tuesday afternoon, at her beautiful residence overlooking the Halifax river. The artistic interior of her home was made more charming by vases of cut flowers and greenery, where the hostess, most graciously and hospitably received her guests in her own charming southern manner.

The guests were entertained by musical treats from the distinguished organist and pianist, Frederick de L'Isle, a house guest of Mrs. Starr, whose efforts were most delightfully received by the guests. Father Albert, of St. Augustine, another of Mrs. Starr's house guests, entertained with a paper on his travels upon the Caribbean Sea.

At a reasonable hour the guests departed, wishing Mr. and Mrs. Knox

many years of health and happiness, and assuring the host and hostess that they had a good time.

SURPRISED BY FRIENDS
ON WEDDING ANNIVERSARY

Mrs. Charles Edward Starr, of Peninsula Drive, Daytona Beach, delightfully entertained the ladies of the Tourists' club of St. Paul's Catholic church, Tuesday afternoon, at her beautiful residence overlooking the Halifax river. The artistic interior of her home was made more charming by vases of cut flowers and greenery, where the hostess, most graciously and hospitably received her guests in her own charming southern manner.

Father Albert, of St. Augustine, another of Mrs. Starr's house guests, entertained with a paper on his travels upon the Caribbean Sea.

Mrs. Starr then read a paper, her own composition, which she gave at the Palmetto club several years ago, a most interesting story of "A Road in Kentucky," a lovely description of an old Kentucky highway which leads by the famous Old St. Joseph's church, an edifice made famous by a member of the French nobility, who visited the church years before, returning to France to become ruler, and then remembering this lovely old church by beautiful gifts of famous masters of painting and sculpture. Mrs. Starr is very familiar with this old church, because of its nearness to her girlhood home. Her descriptions and style of expression were most delightful.

After the literary and musical program was concluded, delicious and dainty refreshments were served by the hostess.

END OF SHOOTING SEASON ON DUCKS

MANY BIRDS PROTECTED BY UNITED STATES MIGRATORY BIRD LAW WHICH TAKES PRECEDENCE OVER STATE LAWS IN CONFLICT.

The open season for shooting wild ducks ends today, February 17th, and closed February 1st on snipe and plover, the closed season on these birds continuing until the first of next November.

The federal law protects until September 1, 1918, little brown and sand-

hill cranes, curlews, the little blue, great blue and Louisiana herons.

All migratory birds not mentioned in this list have continuous protection under the federal law and violations will be prosecuted in the United States district court. The penalty for each violation is \$100.00.

Birds protected under the United States migratory bird law include robins, meadow larks, woodpeckers or yellow hammers, night-hawks, whip-poor-wills, shrikes, bobolinks or rice birds, mocking birds, cardinals or red-birds, and all migratory or insectivorous birds. All of these are protected at all times.

It should be remembered that where state laws conflict with federal regulations the migratory bird law takes precedence.
